Air Krete, Inc.
P.O. Box 380
Weedsport, NY 13166

Attention: Mr. R. Keene Christopher, President

Re: Air-Krete Ultralight Cementitious Insulation Material

Dear Sirs:

With reference to your submission of February 23, 1983 requesting approval for the use of the above-mentioned product in Massachusetts, we wish to advise you that the State Building Code Commission does not require certification or approval of any products or materials so long as they do not violate the provisions of the said Code.

Neither the Construction Materials Safety Board, which reviewed your submittal at its February 24, 1983 meeting, nor the Commission finds anything in the Code that precludes the use of this material.

If we can be of some other service, please let us know.

Sincerely yours,

STATE BUILDING CODE COMMISSION
